after researching the 6 49 lottery system for a duration of 19 years i have now got valid results which can be put into print the book is about predicting two number combinations from 6 out of 49 lottery system in the uk and all over the world wherever the 6 49 lottery system is in operation i have predicted two numbers that should come out from a specific group on a month by month basis this is challenging the idea that lottery numbers are unpredictable as a mathematician and a scientist i believe that certain elements of the system is predictable and i am hoping that lottery enthusiasts would like to verify my results to what extent will my prediction be in agreement with the 6 49 lottery results if i am proving to be correct for predicting two number combinations can i prove three number combinations and so on there will be sceptics but you cannot argue with scientific and experimentally observed results
