this series is a serious achievement the times this brilliant series has brought henry viii s six wives to life as never before tracy borman available together for the first time the final three extraordinary six tudor queens novels in the sunday times bestselling series by acclaimed historical novelist and eminent historian alison weir anna a german princess with a guilty secret katheryn a naive daughter at the mercy of her ambitious family katharine a woman torn between love and duty each in turn married the same king henry viii of england these are their stories as you ve never heard them told before it takes a writer of weir s skill to cast a revealing fresh light on the real historical figure sarah gristwood on anna of kleve queen of secrets alison s sensitively drawn novel will change everyone s preconceptions susan ronald on katheryn howard the tainted queen this novel will enthrall and inspire just as much as it will break your heart tracy borman on katharine parr the sixth wife anna of kleve queen of secrets katheryn howard the tainted queen katharine parr the sixth wife praise for the six tudor queens series alison weir makes history come alive as no one else barbara erskine weir is excellent on the little details that bring a world to life guardian well researched and engrossing good housekeeping sparkling gripping and word perfect as king henry ages the machinations of his vicious court are never far away historical novel society hugely enjoyable alison weir knows her subject and has a knack for the telling and textural detail daily mail

six tudor queens writing a new story is an introduction to the six tudor queens series by eminent historian alison weir the lives of henry viii s queens make for dramatic stories that will offer insights into the real lives of the six wives based on extensive research and new theories that will captivate fans of philippa gregory and readers who lost their hearts but not their heads to the majestic world of wolf hall in all the romancing has anyone regarded the evidence that anne boleyn did not love henry viii or that prince arthur katherine of aragon s first husband who is said to have loved her in fact cared so little for her that he willed his personal effects to his sister or that henry viii an over protected child and teenager was prudish when it came to sex that jane seymour usually portrayed as henry s one true love had the makings of a matriarch there is much to reveal

britain's foremost female historian reveals the true story of this key figure in the wars of the roses and the tudor dynasty who began life a princess spent her youth as a bastard fugitive but who finally married the first tudor king and was the mother of henry viii elizabeth of york would have ruled england but for the fact that she was a woman the eldest daughter of edward iv at seventeen she was relegated from pampered princess to bastard fugitive but the probable murders of her brothers the princes in the tower left elizabeth heiress to the royal house of york and in 1486 henry vii first sovereign of the house of tudor married her thus uniting the red and white roses of lancaster and york elizabeth is an enigma she had schemed to marry richard iii the man who had deposed and probably killed her brothers and it is likely that she then intrigued to put henry tudor on the throne yet after marriage a picture emerges of a model consort mild pious generous and fruitful it has been said that elizabeth was distrusted and kept in subjection by henry vii and her formidable mother in law margaret beaufort but contemporary evidence shows that elizabeth was in fact influential and may have been involved at the highest level in one of the most controversial mysteries of the age alison weir builds an intriguing portrait of this beloved queen placing her in the context of the magnificent ceremonious often brutal world she inhabited and revealing the woman behind the myth showing that differing historical perceptions of elizabeth can be reconciled
